FRONTEND WEB DEVELOPER

PROFILE SUMMARY

Frontend-focused Developer with a robust Full Stack skill set, specializing in modern UIs with React and Next.js while leveraging backend and DevOps expertise in NestJS, PostgreSQL, and Cloud Infrastructure to deliver complete web solutions. A team player with strong problem-solving abilities and a drive to build scalable, production-ready applications in dynamic environments.

Freelance Frontend Developer | Remote

June 2022 - Present

- Built multiple responsive websites and dashboards for small businesses and personal projects using React, Vue.js, and Tailwind CSS.
- Developed e-commerce UIs, admin dashboards, and dynamic SPAs with Firebase and Vercel deployment.
- Designed, coded, and maintained projects with a strong focus on UI/UX and mobile responsiveness.
- Some Notable Projects are: Emerald, Koja, Allure skincare, Atkins

Software Developer Intern

July 2024 - March 2025

HNG Internship 11, 12 & 13 | Remote

- Bingo Game (i11): Built a fully functional bingo game with both number and alphabet modes, collaborating closely with a small team.
- Resolve Voting Platform (i12): Developed core UI components for a secure online voting app using Next.js, TypeScript, and Tailwind CSS.
- SchoolBase (i13): Collaborated with designers and developers to build schoolbase, which modernizes/digitalizes how schools run in africa

Frontend Developer

August 2024

Proline Media Agency | Remote

- Designed and implemented website for a Gaming Store (Cloud9VR) using React (Next.js) + Typescript for seamless performance and routing, visually appealing user interface with Tailwind CSS, optimizing user engagement.
- Focused on user-centric design, ensuring the platform was accessible across devices.

Frontend Developer

September 2024 - October 2024

Trip-Picker | On-site

- Built and maintained the admin dashboard for a ride-hailing + logistics platform similar to Uber/Bolt, enabling monitoring of drivers, trips, and users.
- Developed scalable UI components for analytics, driver management, trip history, and revenue reports using NextJS and Tailwind CSS.

Frontend Developer

January 2025 - April 2025

TheCOZM UK | Remote

- Developed and maintained frontend components for dashboards and internal tools using React + Typescript and Tailwind CSS.
- Extended existing UI designs and user flows using Figma based on client requirements.
- Built interactive data visualizations and reports using Power BI.
- Participated in testing and review sessions of new features

Frontend Developer

August 2025- December 2025

BMJ Luxe Mobility | Remote

- Designed and developed the core web platform for a luxury mobility service, using Next.js and Tailwind CSS, featuring a seamless booking flow, interactive concierge services, and high-performance UI animations with Framer Motion
